## SLT DISCHARGE INSTRUCTIONS

1. It is normal to experience blurred vision and headache for several hours after this procedure. You should not drive or engage in other activities that require clear vision until your vision has cleared completely.
2. You may experience foreign body sensation after the procedure. Please use artificial tears for comfort.
3. If you experience significant eye pain, redness, and light sensitivity after the procedure, please fill the new eye drops prescription and call the office at 272-3411.
4. Continue to take any regular medications that you have been prescribed for you by your family physician.
5. If you have any doubts or questions about anything concerning your eyes, please call the office at 272-3411.
6. Your next appointment is scheduled on: \_\_\_\_\_ at Sierra View Medical Eye.
